

(particularly those at high-risk for exposure to ionizing radiation or toxic chemicals), residents of communities near DOE facilities, and populations throughout the world at high-risk for exposure to ionizing radiation or toxic chemicals resulting from accidental exposures or proximity to nuclear or other energy-related facilities. Deliberate exposure of human subjects in ongoing radiation experiments is outside the scope of this announcement. Access and use of information for conducting studies under this notice will comply with the Amendment to the Federal Privacy Act of 1974 regarding Existing Systems of Records, published June 28, 1995, effective August 7, 1995 (60 FR 33510).

**DATES:** Deadlines for applications or pre-applications will be contained in separate Notices of Availability to be published at a later time in the Federal Register that will address specific program areas to be funded by the Office of Health Studies in fiscal year 1996. However, all applications accepted under this notice must be received by the Office of Health Studies on or before September 30, 1996.

**ADDRESSES:** After the issuance of a Notice of Availability, applicants may obtain additional information from Dr. Paul Seligman, Deputy Assistant Secretary, Office of Health Studies (EH-6), U.S. Department of Energy, 19901 Germantown Road, Germantown, MD 20874-1290; facsimile: 301-903-3445; telephone: 301-903-5926.

**SUPPLEMENTARY INFORMATION:** For fiscal year 1996, the Office of Health Studies estimates that approximately \$2.5 million will be available for grants in occupational and environmental health studies. The number of awards made will depend on the number of applications received for which the results of competitive merit review are favorable. Of this total, the Office of International Health Studies anticipates that approximately \$500,000 will be available to support research to improve an understanding of the health effects and to assess the health risks of exposures to ionizing radiation in workers and populations throughout the world with potential radiation exposures. Of the remainder, the Office of Occupational Medicine and Medical Surveillance anticipates that approximately \$2 million will be available in the form of a cooperative agreement to identify and assess former workers at DOE facilities at risk for occupational diseases. Separate Notices of Availability will be issued in the Federal Register for these two programs.

The Office of Epidemiologic Studies does not anticipate having funds available to support either cooperative agreements or grants during fiscal year 1996.

Pursuant to a Memorandum of Understanding between DOE and the Department of Health and Human Services (56 FR 9701), published March 7, 1991, additional funds to study (1) occupational health and safety issues arising from exposures to radiation and toxic chemicals at nuclear and other energy-related facilities and (2) methodology for risk assessment and epidemiologic research may be available through the National Institute for Occupational Safety and Health (NIOSH) of the Centers for Disease Control and Prevention (CDC); see Federal Register Announcement 521 (60 FR 4916), published January 25, 1995, or contact Richard Hornung, Associate Director for Energy-Related Health Research, NIOSH, Mail Stop R-44, 4676 Columbia Parkway, Cincinnati, OH 45226; telephone: 513-841-4400.

The National Center for Environmental Health of CDC previously awarded funds for radiation-related research, including dose reconstruction studies, but does not anticipate any additional funds for fiscal year 1996. (For current information contact Paul Renard, Chief, Radiation Studies Branch, NCEH, 4770 Buford Highway, NE., Atlanta, GA 30341; telephone: 404-488-7040.)

DOE is under no obligation to pay for any cost associated with the preparation or submission of any application. DOE reserves the right to fund, in whole or in part, any, all, or none of the applications submitted in response to this notice. Results of studies carried out as grants or cooperative agreements with the Office of Health Studies will be made available to DOE workers, to the public, and to managers responsible for protecting worker health and safety.

Issued in Washington, DC, on September 15, 1995.

Paul J. Seligman,  
*Deputy Assistant Secretary for Health Studies.*

## Federal Energy Regulatory Commission

[Docket No. CP95-762-000, et al.]

### Northern Natural Gas Company, et al.; Natural Gas Certificate Filings

September 21, 1995.

Take notice that the following filings have been made with the Commission:

1. Northern Natural Gas Company  
[Docket No. CP95-762-000]

Take notice that on September 18, 1995, Northern Natural Gas Company (Natural), 1111 South 103rd Street, Omaha, Nebraska 68124-1000, filed in Docket No. CP95-762-000 a request pursuant to Section 157.205 of the Commission's Regulations under the Natural Gas Act (18 CFR 157.205) for authorization to install and operate a new delivery point to accommodate natural gas deliveries to Western Gas Utilities, Inc. (WGU), located in Hennepin County, Minnesota, under Natural's blanket certificate issued in Docket No. CP82-401-000 pursuant to Section 7 of the Natural Gas Act, all as more fully set forth in the request which is on file with the Commission and open to public inspection.

Northern states that WGU has requested the proposed delivery point to accommodate service due to expansion of its distribution system into new areas. Northern states further that the estimated volumes to be delivered to WGU are 2,000 MMBtu on a peak day and 601,920 MMBtu on an annual basis. It is said that the estimated cost to install the delivery point would be \$60,000.

*Comment date:* November 6, 1995, in accordance with Standard Paragraph G at the end of this notice.

2. Transcontinental Gas Pipe Line Corporation, ANR Pipeline Company, Texas Eastern Transmission Corporation

Docket No. CP95-753-000

Take notice that on September 13, 1995, Transcontinental Gas Pipe Line Corporation (Transco), P. O. Box 1396, Houston, Texas 77251, ANR Pipeline Company (ANR), 500 Renaissance Center, Detroit, Michigan 48243, and, Texas Eastern Transmission Corporation (TETCO), P. O. Box 1642, Houston, Texas 77251-1642, collectively referred to as Applicants, filed in Docket No. CP95-753-000 a joint application pursuant to Section 7(b) of the Natural Gas Act for permission and approval to abandon a natural gas transportation and exchange service which was authorized in Docket No. CP80-82, all as more fully set forth in the application on file with the Commission and open to public inspection.

The Applicants state that they entered the agreement on September 25, 1979 wherein Transco was to receive almost 10,000 Mcf/d for TETCO's account from ANR at (1) the tailgate of the Mobil Cameron Meadows Plant near Johnson's Bayou, Louisiana, and/or (2) the interconnect between ANR's pipeline

facilities and those of High Island Offshore System in West Cameron Block 167, Offshore Louisiana. Transco would redeliver thermally equivalent natural gas quantities to TETCO at the Ragley, Louisiana existing interconnection. The agreement then provided that Transco at the Ragley, Louisiana interconnection would receive from TETCO almost 70,000 Mcf/d for ANR's account. Transco would then redeliver thermally equivalent natural gas quantities to ANR at the tailgate and/or interconnect as discussed above.

The agreement is included as Transco's Rate Schedule X-220, ANR's Rate Schedule X-98, and TETCO's Rate Schedule X-110, from their Volume No. 2 FERC Gas Tariffs. Authorization for the transportation and exchange arrangement was granted by the Commission's April 16, 1980 order in Docket No. CP80-82.

The Applicants state that the agreement was in effect for a one year primary term from the date of first delivery, August 20, 1980, and continues year-to-year unless terminated in writing by any party. ANR on August 24, 1993 provided a written notice of termination to Transco and TETCO. On July 14, 1995, ANR, Transco and TETCO terminated the agreement, effective May 31, 1995, stating that the transportation and exchange service was no longer required.

*Comment date:* October 12, 1995, in accordance with Standard Paragraph F at the end of this notice.

### 3. Texas Eastern Transmission Corporation

[Docket No. CP95-766-000]

Take notice that on September 19, 1995, Texas Eastern Transmission Corporation (Texas Eastern), P.O. Box 1642, Houston, Texas, 77251-1642, filed in Docket No. CP95-766-000 a request pursuant to Sections 157.205, and 157.211 of the Commission's Regulations under the Natural Gas Act (18 CFR 157.205, and 157.211) for approval to construct and operate a new delivery point for United Cities Gas Company (United Cities), a local distribution company and existing Texas Eastern customer, pursuant to Section 7(c) of the Natural Gas Act (NGA), all as more fully set forth in the request which is on file with the Commission and open to public inspection.

Texas Eastern proposes to construct, own, and operate an eight-inch tap valve, an eight-inch check valve, an insulating flange and approximately fifty feet of piping between such tap valve, check valve and insulating flange (collectively referred to as the Tap) to

interconnect Texas Eastern's Line 15 at milepost 243.00 in Maury County, Tennessee, with United Cities. It is indicated that United Cities will construct two six-inch turbine meter runs plus associated piping and valves, pressure regulation and/or over-pressure protection equipment plus associated piping and valves, flow control equipment, and all associated instrumentation. Texas Eastern states that United Cities will also construct approximately 550 feet of eight-inch pipeline between the proposed Texas Eastern eight-inch check valve and the proposed meter station and electronic gas measurement equipment. Texas Eastern avers that it will own, operate, and maintain parts of the facility and that United Cities will operate and maintain other parts of the facility. Texas Eastern further states that it will partially reimburse United Cities for its construction costs in the amount of \$340,000.

Texas Eastern proposes to render up to 50,000 Dth/day of Rate Schedule FT-1 service for United Cities at the proposed delivery point. Texas Eastern states that United Cities presently has firm service agreements with Texas Eastern under Rate Schedules FT-1, CDS, and SS-1. It is indicated that these service agreements are executed pursuant to Subpart G of the Commission's Part 284 regulations. Texas Eastern further states that United Cities and Texas Eastern executed an additional firm transportation agreement on October 24, 1994, pursuant to Texas Eastern's Rate Schedule FT-1. Texas Eastern indicates that the agreement has a primary term of seven years commencing on November 1, 1994, and ending October 31, 2001, pursuant to Texas Eastern's Part 284, Subpart G blanket certificate. It is further indicated that pursuant to the agreement Texas Eastern provided up to 3,500 Dth/day for the period November 1, 1994, through August 31, 1995, and on September 1, 1995, United Cities' maximum daily quantity increased up to 5,000 Dth/day for the remainder of the primary term of the agreement. Texas Eastern avers that the quantities of gas to be delivered to United Cities will be within United Cities' certificated entitlement.

Texas Eastern submits that the installation of the proposed delivery point will have no impact on its peak day or annual deliveries. Texas Eastern further submits that its proposal herein will be accomplished without detriment or disadvantage to its customers and that its existing tariff does not prohibit the addition of delivery points.

*Comment date:* November 6, 1995, in accordance with Standard Paragraph G at the end of this notice.

### Standard Paragraphs

F. Any person desiring to be heard or to make any protest with reference to said application should on or before the comment date, file with the Federal Energy Regulatory Commission, Washington, D.C. 20426, a motion to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a motion to intervene in accordance with the Commission's Rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Energy Regulatory Commission by Sections 7 and 15 of the Natural Gas Act and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission or its designee on this application if no motion to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate and/or permission and approval for the proposed abandonment are required by the public convenience and necessity. If a motion for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for applicant to appear or be represented at the hearing.

G. Any person or the Commission's staff may, within 45 days after issuance of the instant notice by the Commission, file pursuant to Rule 214 of the Commission's Procedural Rules (18 CFR 385.214) a motion to intervene or notice of intervention and pursuant to Section 157.205 of the Regulations under the Natural Gas Act (18 CFR 157.205) a protest to the request. If no protest is filed within the time allowed therefor, the proposed activity shall be deemed to be authorized effective the day after the time allowed for filing a protest. If a protest is filed and not withdrawn within 30 days after the time allowed

for filing a protest, the instant request shall be treated as an application for authorization pursuant to Section 7 of the Natural Gas Act.

BILLING CODE 6717-01-M

[Docket No. CP95-661-001]

#### **Texas Eastern Transmission Corporation; Notice of Amendment to Application**

September 25, 1995.

Take notice that on September 22, 1995, Texas Eastern Transmission Corporation ("Texas Eastern"), 5400 Westheimer Court, Houston, Texas 77056-5310, filed in Docket No. CP95-661-001 an amended abbreviated application pursuant to Section 7(b) of the Natural Gas Act for permission and approval to abandon by sale to Texaco Pipeline Inc. ("Texaco Pipeline") approximately 37.48 miles of 20-inch pipeline, the associated scraper traps and certain valves and appurtenant piping, (collectively known as "Line No. 40-E") all in the Lafourche and Terrebonne Parishes, Louisiana, all as more fully set forth in the application which is on file with the Commission and open to public inspection.

Texas Eastern states that the intent of this Amendment is to facilitate the sale of Texas Eastern's Line No. 40-E and to separate the abandonment of the Point Au Chien compressor station, certain laterals, meter stations and appurtenant facilities associated with such Line 40-E, but not included in the sale to Texaco Pipeline, from the facilities to be sold in order to meet the November 1, 1995, closing deadline as set forth in the Purchase and Sale Agreement with Texaco Pipeline. Those facilities not included in the sale to Texaco Pipeline are the subject of a application filed concomitantly in Docket No. CP95-776-000.

Any person desiring to be heard or to make any protest with reference to said application should on or before October 3, 1995, file with the Federal Energy Regulatory Commission, Washington, D.C. 20426, a motion to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken, but will not serve to make the protestants parties to the proceedings. Any person wishing to become a party to a proceeding or to participate as a
